Luxury Fitness Equipment

COLMIA™
LUXURY DUMBBELLS SET

A manually crafted set made of the highest quality materials.
In the production, natural wood such as American walnut is used along with the highest grade stainless steel.
A stable construction, strong attention to detail and the heart poured into the hand-work made COLMIA™ dumbbells delightfully presentable. COLMIA™ is perfect, as a part of a modern home or a hotel gym.

Dumbbells are available in sets (horizontal or vertical) and as individual pairs (with or without a wooden stand). American oiled walnut wood provides a good grip and gives pleasure to touch. This type of wood exhibits antibacterial properties and, in combination with stainless steel creates a harmonious system of health and nature. This is very important when using these luxurious accessories in special conditions. COLMIA™ is dedicated for the private use as well as for personal trainers and gyms.

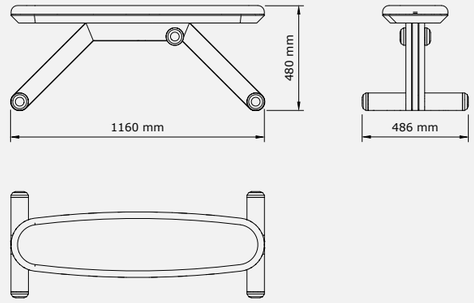
BANKA™

LUXURY FITNESS BENCH

Handmade from wood, stainless steel and natural leather. The best materials combined with the strong attention to detail make this simple exercise equipment breathtaking for anyone who is looking for a practical function with beauty and prestige for a home or a hotel gym.

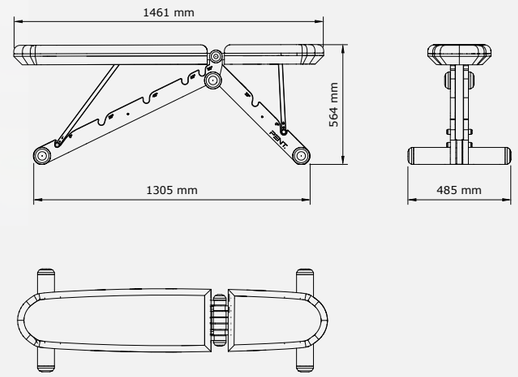
BANKA™ Basic

The stable and simple form of the exercise bench stands out with its quality and craftsmanship.



BANKA™ Advance

Wooden adjustable bench is constructed conscientiously to provide the comfort we expect, both fitting your body and weight lifting needs.



SCALA™

LUXURY WALL BAR

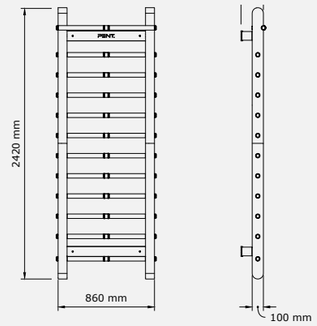
The pattern of the ladder, referring to roots, contains a feature of weighted and removable rungs.
After removing them we obtain a stylish so-calledweighted „fitness bar" that is ultra soft to the touch.

The available weights range from 2 - 6 kg. To make the wall-bar even more versatile, the ladder has flexible bands that can be easily attached to the bars and the ladder.
Additionally, you can also attach TRX bands (not provided).

SCALA™ Basic

Luxury wall bar for exercise.
The set includes a wall-mounted frame with rungs.

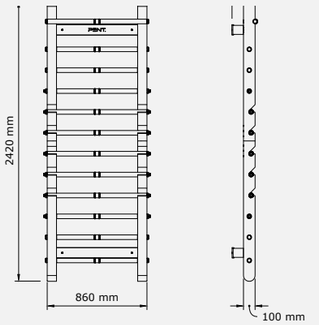
Height: 243 cm



SCALA™ Advance

The wall bar, in addition that its pattern refers to roots, contains a feature of removable rungs, each with a different weight.

Height: 243 cm



+ SCALA™ Advance

The wall bar, in addition that its pattern refers to roots, contains a feature of removable rungs, each with a different weight. With a pull-up option.

Height: 229 cm
